To Whom It May Concern,

As Director of New Facilities for a national restaurant organization, my outcomes depend on the quality and support that I receive from the consultants and engineers that I choose for each project. Bill has become a great choice and a very active part of our Team. He understands the importance of clear and precise information when communicating with the owner, architect, or trades in the field.

The current project that we partnered with Bill on requires Special Inspections and high standards of records and plans. With Bill's relationship of this jurisdiction and history of thoroughness, the inspection process has been flawless to date. His ability to manage matters via his office, on site, and while traveling has proven a success for my choice.

Due to Bill's talent, professionalism, cooperative character, and satisfaction of quality, I have signed him up on another project. I highly recommend Bill Peltier as being a great asset to any Team with Structural related needs.

Please feel free to contact me with any questions.

Respectfully,

A handwritten signature in blue ink, which appears to read "R. Latham", is written over a blue and grey logo. The logo consists of a stylized 'A' shape with the text "ROBERT LATHAM & ASSOCIATES" written in a light blue, sans-serif font across it.
